

CEN

Using data to tell our story

Information
Management
Service

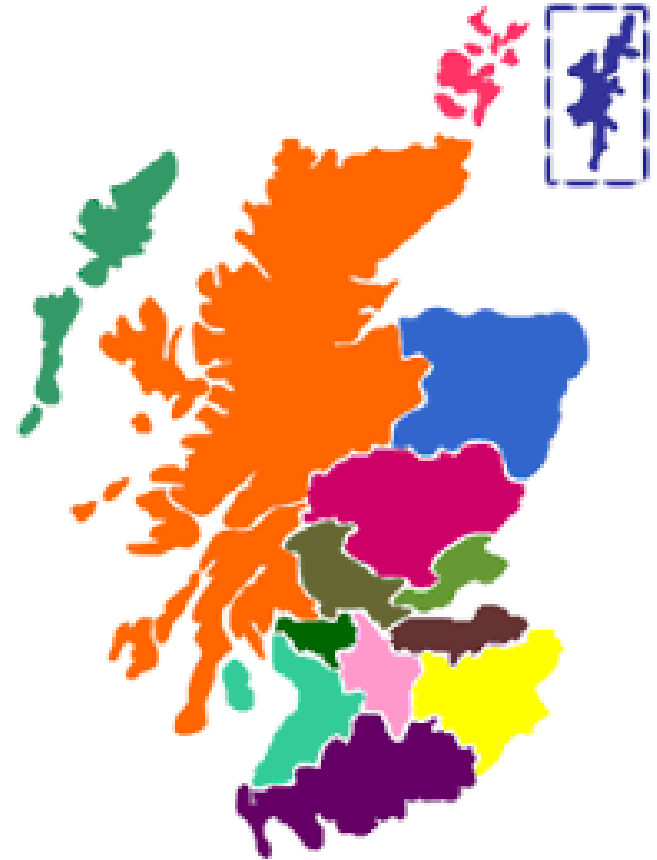

Claire Lawrie
Programme Manager – IMS

@ClaireLawrie

Why do we need to collect data?

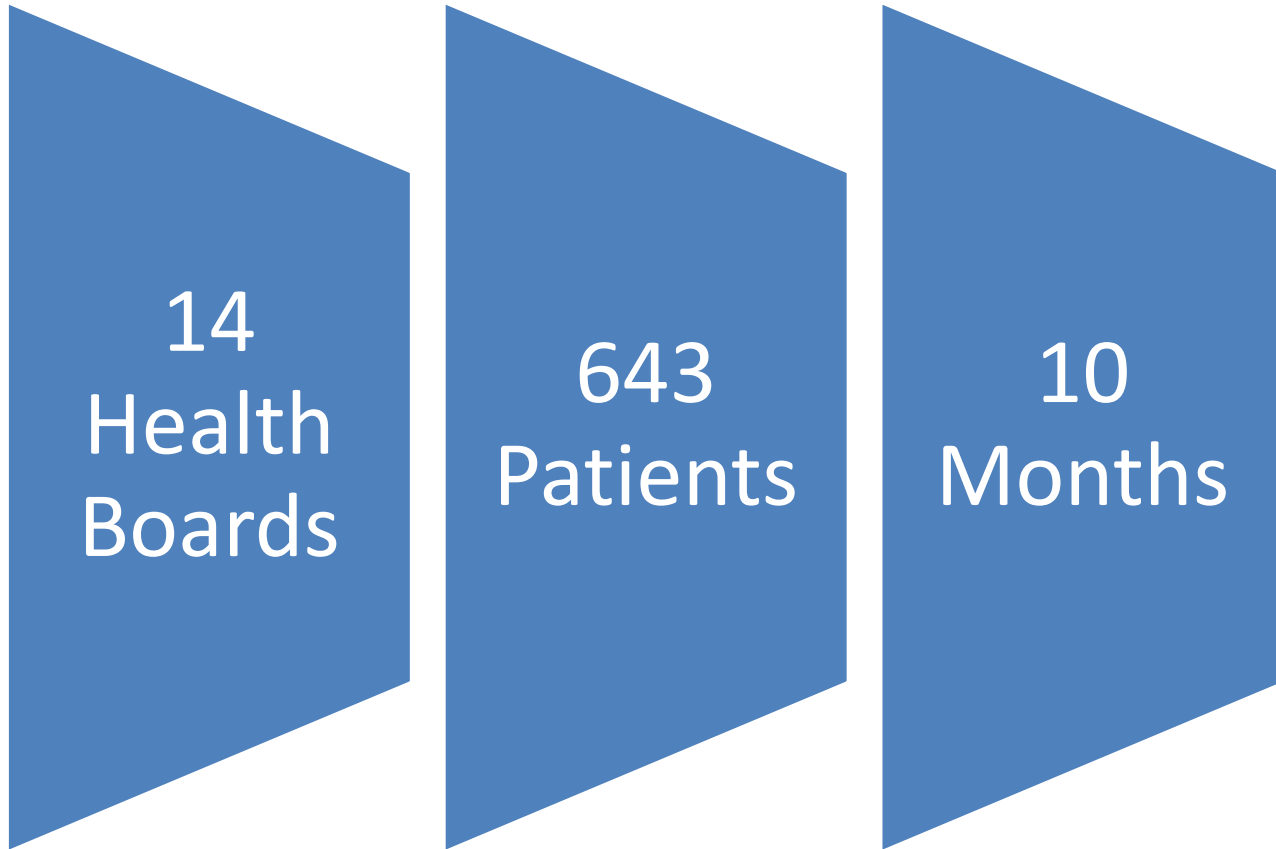

- Evidence the need for improvements
- Measure the impact of quality improvements
- Identify and address variation

Clinical Audit System

- Exclusive to National Clinical Networks
- Web based
- Available to all Health Boards
- SCI Store Integration
- Network specific data fields
- Ability to extend in future
- **FREE**

The Challenge

The tools to support it

- Face to face training
- Ongoing training support
- Support videos and guides
- Regular highlight reports
- Dashboards

Thank you
