

Role of Lead of Sub Group - A Lead will attend each steering group (SG) (quarterly) and will act as a conduit between the work streams and the SG passing on progress updates and filtering decisions from the SG back into the streams. They will pull together information on each of their streams projects progress so this can be shared at the SG. They will be assisted with Admin tasks by the network PSO and organisation of the stream by the network PM.

CEN Network Groups Governance Structure

Network Core Team: Lead Clinician, Programme Manager (PM) & Programme Support Officer (PSO)
